Dear Sir/Madam

ADDENDUM RELATING TO THE PROPOSED RENEWAL OF THE SHARE PURCHASE MANDATE AND THE PROPOSED GRANT OF OPTIONS TO MR TAY TENG GUAN ARTHUR, A CONTROLLING SHAREHOLDER, AND MR TAY TENG HOCK, AN ASSOCIATE OF A CONTROLLING SHAREHOLDER

1. INTRODUCTION

- 1.1.** SUTL Enterprise Limited (the "**Company**") has on 5 April 2022 issued a Notice convening the Twenty-Eighth Annual General Meeting of the shareholders of the Company (the "**Shareholders**") to be held by electronic means on 5 April 2022 (the "**Twenty-Eighth AGM**").
- 1.2.** The proposed Resolution 9 in the Notice of the Twenty-Eighth AGM relates to the proposed renewal of a general mandate (the "**Share Purchase Mandate**") to authorise the directors of the Company (the "**Directors**") to make purchases of ordinary shares in the capital of the Company (the "**Shares**") representing up to a maximum of ten (10) per cent of the total number of issued Shares (excluding any Shares held as treasury shares or which comprise subsidiary holdings (as defined in the Listing Manual (the "**Listing Manual**") of the Singapore Exchange Securities Trading Limited (the "**SGX-ST**")¹) as at the date on which the resolution authorising the same is passed, unless the Company has effected a reduction of the share capital of the Company in which event the number of issued ordinary shares of the Company shall be taken to be the number of the issued ordinary shares of the Company as altered (excluding any Shares held as treasury shares or which comprise subsidiary holdings), at a price of up to but not exceeding the Maximum Price (as defined in Section 2.1 below), in accordance with the "Guidelines on Share Purchases" as set out in Appendix A hereto (the "**Guidelines on Share Purchases**"). Details pertaining to the Share Purchase Mandate are set out in Section 2 below.
- 1.3.** The proposed Resolutions 10 and 11 in the Notice of the Twenty-Eighth AGM relate to the proposed grant of Options (as defined in Section 3.1) pursuant to the SUTL Enterprise Limited Share Option Scheme 2011, as may be amended or modified from time to time (the "**Option Scheme**") to Mr Tay Teng Guan Arthur (Chief Executive Officer and executive Director of the Company), and Mr Tay Teng Hock (non-executive Director of the Company). Mr Tay Teng Guan Arthur is considered a controlling shareholder of the Company, and Mr Tay Teng Hock is a sibling of Mr Tay Teng Guan Arthur, and is therefore considered to be an associate of Mr Tay Teng Guan Arthur. The Option Scheme was first approved by independent Shareholders

¹ "Subsidiary holdings" is defined in the Listing Manual to mean shares referred to in Sections 21(4), 21(4B), 21(6A) and 21(6C) of the Companies Act, Chapter 50.

at the extraordinary general meeting of the Company held on 29 April 2011, and thereafter altered and extended at the annual general meeting of the Company held on 28 April 2021. Details pertaining to these Resolutions 10 and 11 are set out in Sections 3.5 and 3.6 below.

- 1.4. The purpose of this Addendum is to provide information relating to and to explain the rationale for the proposed renewal of the Share Purchase Mandate and the proposed grant of Options to Mr Tay Teng Guan Arthur and Mr Tay Teng Hock.
- 1.5. The SGX-ST assumes no responsibility for the correctness of any of the statements made, opinions expressed or reports contained in this Addendum. If a Shareholder is in any doubt as to the action he should take, he should consult his stockbroker, bank manager, solicitor, accountant or other professional adviser immediately.
- 1.6. Lee & Lee is the legal adviser to the Company as to Singapore law in relation to the proposed renewal of the Share Purchase Mandate, and the proposed grant of Options to Mr Tay Teng Guan Arthur and Mr Tay Teng Hock.

2. PROPOSED RENEWAL OF THE SHARE PURCHASE MANDATE

2.1. Authority and Limits of the Share Purchase Mandate

The Share Purchase Mandate, when granted, will authorise the Directors, from time to time, to purchase Shares either through market purchases as described in Section 76E of the Companies Act 1967 ("**Companies Act**") (the market purchases, "**Market Purchases**") or off-market purchases on an equal access scheme as described in Section 76C of the Companies Act (the "**Off-Market Purchases**") of up to a maximum of ten (10) per cent. of the total number of issued Shares (excluding any Shares held as treasury shares or which comprise subsidiary holdings) as at the date on which the resolution authorising the same is passed, unless the Company has effected a reduction of the share capital of the Company in which event the number of issued ordinary shares of the Company shall be taken to be the number of the issued ordinary shares of the Company as altered (excluding any Shares held as treasury shares or which comprise subsidiary holdings), and at a price up to but not exceeding the Maximum Price as defined below.

The purchase price (excluding ancillary expenses such as related brokerage, goods and services tax, stamp duties and clearance fees) to be paid for the Shares shall be determined by the Directors, provided that such price must not exceed the maximum price (the "**Maximum Price**") of five (5) per cent. above the average of the closing market prices of the Shares over the last five (5) market days on which transactions in the Shares were recorded, before the day on which the Market Purchase was made by the Company or the day on which the Company makes an announcement of an offer under the Off-Market Purchase scheme (as the case may be), and deemed to be adjusted for any corporate action that occurs during the relevant period of five (5) market days and the day on which the purchases are made.

The Share Purchase Mandate will expire at the earliest of:

- (a) the date on which the next annual general meeting of the Company is or is required by law to be held, whichever is the earlier;
- (b) the date on which the purchases or acquisitions of Shares pursuant to the Share Purchase Mandate are carried out to the full extent authorised under the Share Purchase Mandate; or
- (c) the effective date on which the authority conferred in the Share Purchase Mandate is varied (as to the duration of the Share Purchase Mandate) or revoked by the Shareholders in general meeting.

2.2. Rationale for the Share Purchase Mandate

The Share Purchase Mandate will give the Directors the flexibility to purchase Shares when circumstances permit, with the objective of enhancing the earnings per share and/or net asset value per share of the Company and its subsidiaries (collectively, the "**Group**"). Such flexibility will also allow the Directors to better manage the Company's capital structure, dividend payout and cash reserves, and to return surplus cash over and above its capital requirements in an expedient and cost-effective manner.

The Share Purchase Mandate will thus provide the Company with an efficient mechanism to enhance returns to Shareholders when circumstances permit. Share purchases will only be effected when the Directors are of the view that such Share purchases will benefit the Company and its Shareholders.

2.3. Source of Funds

The Company may only apply funds for the purchase of Shares as provided in the constitution of the Company (the "**Constitution**"), the Guidelines on Share Purchases and in accordance with the applicable laws in Singapore. The Company may not purchase its Shares for a consideration other than cash or, in the case of a Market Purchase, for settlement otherwise than in accordance with SGX-ST's trading rules. The Company intends to use its internal sources of funds to finance its purchase or acquisition of Shares. The Company does not intend to obtain or incur any borrowings to finance the purchase of its Shares.

The Company may purchase or acquire its Shares out of the Company's capital or distributable profits so long as the Company is solvent. For this purpose, pursuant to the Companies Act, a company is solvent if at the date of payment the following conditions are satisfied:

- (a) there is no ground on which the company could be found to be unable to pay its debts;
- (b) if —
 - (i) it is intended to commence winding up of the company within the period of 12 months immediately after the date of the payment, the company will be able to pay its debts in full within the period of 12 months after the date of commencement of the winding up; or
 - (ii) it is not intended so to commence winding up, the company will be able to pay its debts as they fall due during the period of 12 months immediately after the date of the payment; and
- (c) the value of the company's assets is not less than the value of its liabilities (including contingent liabilities) and will not, after the proposed purchase, acquisition, variation or release (as the case may be), become less than the value of its liabilities (including contingent liabilities).

2.4. Financial Impact of the Share Purchase Mandate

The impact of the Share Purchase Mandate on the Company's financial position is set out below.

The total number of issued Shares (excluding any Shares held as treasury shares or which comprise subsidiary holdings) in the Company as at 28th March 2022, being the latest practicable date prior to the printing of this Addendum (the "**Latest Practicable Date**"), is 85,975,902 Shares and the exercise in full of the Share Purchase Mandate would result in the purchase of up to 8,597,590 Shares. As at the Latest Practicable Date, the Company had 1,022,200 treasury shares and no subsidiary holdings, and the Shares, being the ordinary shares in the capital of the Company, were the only class of shares issued by the Company.

All Shares which are purchased or acquired by the Company shall be held by the Company as treasury shares which may be used for the purpose stated in the Companies Act, unless the Company elects that such Shares shall be cancelled immediately on the purchase or

acquisition.

Treasury shares are ordinary shares or stocks purchased or otherwise acquired by a company in accordance with Sections 76B to 76G of the Companies Act and which have been held by the Company continuously since the treasury shares were so purchased, and the Company shall be entered in the Register of Members as the member holding those Shares. The number of Shares held as treasury shares cannot at any time exceed ten (10) per cent. of the total number of issued ordinary shares in the capital of the Company.

The treasury shares shall be treated as having no voting rights and shall not be entitled to any dividend or other distribution (whether in cash or otherwise) of the Company's assets (including any distribution of assets to members on a winding up). However, an allotment of shares as fully paid bonus shares in respect of the treasury shares is allowed. Also, a subdivision or consolidation of any treasury share into treasury shares of a smaller or greater amount is also allowed if the total value of the treasury shares after the subdivision or consolidation is the same as before the subdivision or consolidation, as the case may be.

Treasury shares may be held by the Company or may be sold, transferred or cancelled in accordance with Section 76K of the Companies Act and the Listing Manual of the SGX-ST. Under Section 76K of the Companies Act, where the purchased or acquired Shares are held as treasury shares, the Company may at any time:

- (a) sell the Shares (or any of them) for cash;
- (b) transfer the Shares (or any of them) for the purposes of or pursuant to any share scheme, whether for its employees, directors or other persons;
- (c) transfer the Shares (or any of them) as consideration for the acquisition of shares in or assets of another company or assets of a person;
- (d) cancel the Shares (or any of them); or
- (e) sell, transfer or otherwise use the treasury shares for such other purposes as the Minister may by order prescribe.

In addition, under Rule 704(28) of the Listing Manual, an immediate announcement must be made of any sale, transfer, cancellation and/or use of treasury shares. Such announcement must include details such as the date of the sale, transfer, cancellation and/or use of such treasury shares, the purpose of such sale, transfer, cancellation and/or use of such treasury shares, the number of treasury shares which have been sold, transferred, cancelled and/or used, the number of treasury shares before and after such sale, transfer, cancellation and/or use, the percentage of the number of treasury shares against the total number of issued shares (of the same class as the treasury shares) which are listed before and after such sale, transfer, cancellation and/or use, and the value of the treasury shares if they are used for a sale or transfer, or cancelled.

If the purchased Shares will be cancelled, the issued share capital of the Company will be reduced by the corresponding purchase price of the purchased Shares. Accordingly, the net tangible assets of the Company and the Group will be reduced by the dollar value of the Shares purchased.

The financial impact on the Group arising from purchases or acquisition of Shares which may be made pursuant to the Share Purchase Mandate will depend on, *inter alia*, the aggregate number of Shares purchased or acquired and the consideration paid at the relevant time.

Based on the issued and paid-up share capital of the Company as at the Latest Practicable Date, assuming that the Company purchases 8,597,590 Shares at the Maximum Price of S\$0.5103 per Share (being the price equivalent of five (5) per cent. above the average of the

closing market prices of the Shares for the five (5) consecutive market days on which transactions in the Shares were recorded immediately preceding the Latest Practicable Date), the maximum amount of funds required for the purchase or acquisition of 8,597,590 Shares (excluding ancillary expenses such as related brokerage, goods and services tax, stamp duties and clearance fees) is approximately S\$4,387,000.

For illustrative purposes only and on the basis of the assumption above, the financial effects of the purchase or acquisition of Shares by the Company pursuant to the Share Purchase Mandate on the audited financial statements of the Group and Company for the financial year ended 31 December 2021 is set out below and assuming the following:

- (a) the purchase or acquisition of 8,597,590 Shares by the Company pursuant to the Share Purchase Mandate by way of purchases (whether Market Purchases or Off-Market Purchases) made entirely out of profits and/or capital and held in treasury; and
- (b) the purchase or acquisition of 8,597,590 Shares by the Company pursuant to the Share Purchase Mandate by way of purchases (whether Market Purchases or Off-Market Purchases) made entirely out of profits and/or capital and cancelled.

Scenario (a)

- (i) Purchases of up to a maximum of ten (10) per cent. out of profits and/or capital and held in treasury.

3. Net Gearing Ratio equals Loan from financial institution (excluding loan from non-controlling interest) and convertible bonds divided by Shareholders' Fund
4. Current Ratio equals Current Assets divided by Current Liabilities
5. Profit Per Share equals profit attributable to the Company's shareholders divided by Number of Shares
6. The Treasury Shares are purchased on the 1st day of the year

Shareholders should note that the financial effects set out above, based on the respective aforesaid assumptions, are for illustration purposes only. In particular, it is important to note that the above analysis is based on historical audited numbers for the financial year ended 31 December 2021, and are not necessarily representative of future financial performance.

The Directors emphasise that they do not propose to exercise the Share Purchase Mandate to the extent that it will have a material adverse impact on the working capital requirements of the Group or the gearing levels which are from time to time, in the opinion of the Directors, appropriate for the Group. The Share Purchase Mandate will be exercised in accordance with the Guidelines on Share Purchases and the Directors will be prudent in exercising the Share Purchase Mandate and only to such extent which the Directors believe will be beneficial to the Group and the Shareholders from time to time giving consideration to the prevailing market conditions, the financial position of the Group and other relevant factors. Further, in accordance with the Guidelines on Share Purchases, Share purchases are prohibited after a 78price sensitive development has occurred or has been the subject of a decision until such time as the price sensitive information has been publicly announced. In particular, the Company may not purchase its Shares on the SGX-ST during the period commencing two (2) weeks before the announcement of the Company's financial statements for each of the first three quarters of its financial year and one (1) month before the announcement of the Company's full year financial statements (if the Company announces its quarterly financial statements, whether required by the SGX-ST or otherwise), or one (1) month before the announcement of the Company's half year and full year financial statements (if the Company

does not announce its quarterly financial statements), and ending on the date of announcement of the relevant results.

2.5. Take-over Code Implications Arising from Share Purchases

The resultant increase in the percentage of voting rights held by a Shareholder and persons acting in concert with him, following the purchase of Shares by the Company, will be treated as an acquisition for the purposes of Rule 14 ("**Rule 14**") of the Singapore Code on Take-overs and Mergers (the "**Take-over Code**"). Consequently, depending on the number of Shares purchased by the Company and the Company's issued share capital at that time, a Shareholder or group of Shareholders acting in concert with each other could obtain or consolidate effective control of the Company and become obliged to make a take-over offer for the Company under Rule 14 of the Take-over Code.

Under the Take-over Code, persons acting in concert comprise individuals or companies who, pursuant to an agreement or understanding (whether formal or informal) co-operate, through the acquisition by any of them of shares in a company, to obtain or consolidate effective control of that company. Unless the contrary is established, the following persons will, *inter alia*, be presumed to be acting in concert, namely (a) a company with any of its directors (together with their close relatives, related trusts as well as companies controlled by any of the directors, their close relatives and related trusts) and (b) a company, its parent, subsidiaries and fellow subsidiaries, and their associated companies, companies of which such companies are associated companies, all with one another, and any person who has provided financial assistance (other than a bank in the ordinary course of business) to any of the above for the purchase of voting rights. For this purpose, ownership or control of at least twenty (20) per cent., but not more than fifty (50) per cent., of the voting rights of a company will be regarded as the test of associated company status.

The circumstances under which Shareholders of the Company including Directors and persons acting in concert with them respectively will incur an obligation to make a take-over offer under Rule 14 after a purchase or acquisition of Shares by the Company are set out in Rule 14 and Appendix 2 of the Take-over Code.

In general terms, the effect of Rule 14 and Appendix 2 of the Take-over Code is that, unless exempted, Directors and persons acting in concert with them will incur an obligation to make a take-over offer under Rule 14 if, as a result of the Company purchasing or acquiring Shares, the voting rights of such Directors and their concert parties would increase to thirty (30) per cent. or more, or if the voting rights of such Directors and their concert parties fall between thirty (30) per cent. and fifty (50) per cent. of the Company's voting rights, the voting rights of such Directors and their concert parties would increase by more than one (1) per cent. in any period of six (6) months. Where the concert party group holds over fifty (50) per cent. of the Company's voting rights, no obligation to make a take-over offer under Rule 14 normally arises from acquisitions by any member of the concert party group.

Based on the Register of Directors of the Company, as at the Latest Practicable Date, the shareholdings of the Directors of the Company before and (assuming (a) the Company purchases the maximum amount of ten (10) per cent. of the total number of issued Shares (excluding any Shares held as treasury shares or which comprise subsidiary holdings), and (b) there is no change in the number of Shares held or deemed to be held by the Directors) after the purchase by the Company of ten (10) per cent. of the total number of issued Shares (excluding any Shares held as treasury shares or which comprise subsidiary holdings) pursuant to the Share Purchase Mandate were/will be as follows:

| Name of Director | Before Share Purchase | | | After Share Purchase | | |
|------------------------|-----------------------|-----------------|----------------|----------------------|-----------------|----------------|
| | Direct Interest | Deemed Interest | Total Interest | Direct Interest | Deemed Interest | Total Interest |
| | % | % | % | % | % | % |
| Eu Yee Ming Richard | - | - | - | - | - | - |
| Tay Teng | 0.15 | 55.12 | 55.27 | 0.16 | 61.24 | 61.40 |

| | | | | | | | |
|---------------|------|---|------|------|---|------|--|
| Guan Arthur | | | | | | | |
| Tay Teng Hock | 0.06 | - | 0.06 | 0.06 | - | 0.06 | |
| Chan Kum Tao | 0.06 | - | 0.06 | 0.06 | - | 0.06 | |
| Yeo Wee Kiong | 0.06 | - | 0.06 | 0.06 | - | 0.06 | |

Based on the above information and at the Latest Practicable Date, as Tay Teng Guan Arthur (together with persons acting in concert with him) has aggregate voting rights of the Company of more than fifty (50) per cent., the increase in his shareholdings and voting rights in the event the Company purchases the maximum amount of ten (10) per cent. of the total number of issued Shares (excluding Shares held as treasury shares or which comprise subsidiary holdings) of the Company under the Share Purchase Mandate, will not result in him and persons acting in concert with him being obligated to make a mandatory offer under Rule 14 of the Take-over Code. None of the Directors (together with persons acting in concert with them) will become obliged to make a take-over offer under Rule 14 and Appendix 2 of the Take-over Code in the event that the Company purchases the maximum amount of ten (10) per cent. of the total number of issued Shares (excluding Shares held as treasury shares or which comprise subsidiary holdings) of the Company under the Share Purchase Mandate.

Under Appendix 2 of the Take-over Code, a Shareholder not acting in concert with the Directors will not be required to make a take-over offer under Rule 14 if, as a result of the Company purchasing or acquiring its Shares, the voting rights of such Shareholder in the Company would increase to thirty (30) per cent. or more, or, if such Shareholder holds between thirty (30) per cent. and fifty (50) per cent. of the Company's voting rights, the voting rights of such Shareholder would increase by more than one (1) per cent. in any period of six (6) months. Such Shareholder need not abstain from voting in respect of the resolution authorising the Company to purchase or acquire its Shares, unless so required under the Companies Act.

Under Appendix 2 of the Take-over Code, in general, Shareholders will be subject to the provisions of Rule 14 if they acquire voting shares after the Company's share buy-back.

Based on the Register of Substantial Shareholders of the Company, as at the Latest Practicable Date, the shareholdings of the substantial shareholders of the Company before and (assuming (a) the Company purchases the maximum amount of ten (10) per cent. of the total number of issued Shares (excluding Shares held as treasury shares or which comprise subsidiary holdings) of the Company, and (b) there is no change in the number of Shares held or deemed to be held by the substantial shareholders) after the purchase by the Company of ten (10) per cent. of the total number of issued Shares (excluding Shares held as treasury shares or which comprise subsidiary holdings) of the Company pursuant to the Share Purchase Mandate were/will be as follows:

| Name of substantial shareholder | Before Share Purchase | | | After Share Purchase | | |
|-------------------------------------|-----------------------|-----------------|----------------|----------------------|-----------------|----------------|
| | Direct Interest | Deemed Interest | Total Interest | Direct Interest | Deemed Interest | Total Interest |
| | % | % | % | % | % | % |
| SUTL Global Pte. Ltd. | 55.12 | - | 55.12 | 61.24 | - | 61.24 |
| Tay Teng Guan Arthur ^(a) | 0.15 | 55.12 | 55.27 | 0.16 | 61.24 | 61.40 |

Notes:

- (a) Mr Tay Teng Guan Arthur holds approximately 50.62% in the total issued shares of SUTL Global Pte. Ltd., and is therefore deemed interested in the Shares held by SUTL Global Pte. Ltd.. The deemed interest of Mr Tay Teng Guan Arthur of 55.12 per cent. of the issued Shares (excluding any Shares held as treasury shares or which comprise subsidiary

holdings) of the Company arises out of the Shares in which SUTL Global Pte. Ltd. has an interest.

Based on the above information and at the Latest Practicable Date, as SUTL Global Pte. Ltd. (together with persons acting in concert with it, including Tay Teng Guan Arthur) has aggregate voting rights of the Company of more than 50%, the increase in their shareholdings and voting rights in the event the Company purchases the maximum amount of ten (10) per cent. of the total number of issued Shares (excluding Shares held as treasury shares or which comprise subsidiary holdings) of the Company under the Share Purchase Mandate will not result in them and persons acting in concert with them being obligated to make a mandatory offer under Rule 14 of the Take-over Code. None of the substantial shareholders of the Company would become obliged to make a take-over offer for the Company under Rule 14 and Appendix 2 of the Take-over Code in the event the Company purchases the maximum amount of ten (10) per cent. of the total number of issued Shares (excluding Shares held as treasury shares or which comprise subsidiary holdings) of the Company under the Share Purchase Mandate.

The Directors are also not aware of any Shareholder or group of Shareholders acting in concert who may become obliged to make a mandatory offer in the event that the Directors exercise the Share Purchase Mandate.

Shareholders are advised to consult their professional advisers and/or the Securities Industry Council and/or the relevant authorities at the earliest opportunity as to whether they would incur any obligation to make a take-over offer as a result of any purchase or acquisition of Shares by the Company pursuant to the Share Purchase Mandate.

2.6. Disclosure Requirements for Substantial Shareholders

The disclosure of interests requirements in listed entities by a substantial shareholder are set out in Part VII of the Securities and Futures Act 2001.

Under the Securities and Futures Act, a substantial shareholder in a company is defined as a person who has an interest or interests in one or more voting shares (excluding treasury shares) in the company and the total votes attached to that share, or those shares, is not less than five (5) per cent. of the total votes attached to all the voting shares (excluding treasury shares) in the company.

Shareholders should note that a purchase of Shares by the Company may inadvertently cause the percentage shareholding of Shareholders, particularly Shareholders whose current holding of Shares is close to five (5) per cent., to become a substantial shareholder in the Company for the purposes of the Securities and Futures Act.

2.7. Listing Status on SGX-ST

The Directors will use their best efforts to ensure that the Company does not effect a purchase of Shares if the purchase of Shares would result in the number of Shares remaining in the hands of the public falling to such a level as to cause market illiquidity or adversely affect the listing status of the Company.

Under Rule 723 of the Listing Manual, a company should ensure that at least ten (10) per cent. of a class of its listed securities is at all times held by the "public" (as defined in the Listing Manual).

As at the Latest Practicable Date, 44.73 per cent. of the issued share capital of the Company is held by the public. The Company is as such of the view that there is currently a sufficient number of Shares in issue held by public Shareholders which would permit the Company to effect a purchase of up to ten (10) per cent. of the total number of issued Shares (excluding Shares held as treasury shares or which comprise subsidiary holdings) of the Company pursuant to the Share Purchase Mandate without affecting the listing status of the Shares on the SGX-ST. Before deciding to effect a purchase of Shares, the Directors will also ensure

that, notwithstanding such purchase, a sufficient float in the hands of the public will be maintained to provide for an orderly market for trading in the Shares.

2.8. Shares Purchased in the Previous 12 Months

As at the Latest Practicable Date, the Company has purchased a total of 121,800 Shares, representing 0.142% of the total issued Shares (excluding any Shares held as treasury shares or which comprise subsidiary holdings), by way of Market Purchases in the twelve (12) months preceding the Latest Practicable Date. The highest and lowest price paid was S\$0.595 and S\$0.50 per Share respectively. The total consideration paid (which includes stamp duties, brokerage, clearing/trading fees and goods and services tax) was S\$64,890.99. As at the Latest Practicable Date, the Company has 1,022,200 treasury shares.

As at the Latest Practicable Date, the Company had not purchased or acquired any of its Shares by way of Off-Market Purchases pursuant to the Share Purchase Mandate approved by Shareholders at the Twenty-Seventh Annual General Meeting of the Company held by way of electronic means on 28 April 2021.

(a) Rationale for Participation of Controlling Shareholders and their Associates in the Option Scheme

As stated in the 2021 Addendum, the key objective of the Option Scheme is to motivate key Executive Employees and Group Non-Executive Directors to optimise their performance standards and efficiency and to reward them for their significant contributions with participation in the equity of the Company. The Company believes that the Option Scheme may be effective in motivating Executive Employees and Group Non-Executive Directors to put in their best efforts whilst at the same time allowing the Company to offer attractive incentives and remuneration packages.

To this end, Executive Employees and Group Non-Executive Directors who are Controlling Shareholders and their Associates shall be treated equally as these Controlling Shareholders and their Associates are important to the development and success of the Group. As such, regardless of whether they are Controlling Shareholders or Associates of Controlling Shareholders, the Company's view is that all deserving and eligible Executive Employees and Group Non-Executive Directors should be similarly entitled to take part and benefit from the Company's fair and equitable system of remuneration.

Although the Controlling Shareholders and their Associates may already have shareholding interests in the Company, the extension of the Option Scheme to include them ensures that they are similarly entitled, with the other eligible Executive Employees and Group Non-Executive Directors of the Group who are not Controlling Shareholders or their Associates, to take part and benefit from this system of remuneration. The Directors are of the view that the Company should have a fair and equitable system to reward the eligible Executive Employees and Group Non-Executive Directors who have made and continue to make important contributions to the long-term growth of the Group notwithstanding that they are Controlling Shareholders or their Associates.

The terms of the Option Scheme do not differentiate between the Controlling Shareholders and their Associates from other Executive Employees and Group Non-Executive Directors in determining the eligibility of such persons to be granted Options. They should not unduly favour Controlling Shareholders and their Associates. Likewise, Controlling Shareholders and their Associates should not be excluded from participating in the Option Scheme solely for the reason that they are Controlling Shareholders or Associates of Controlling Shareholders. In addition, to deny participation by the Controlling Shareholders and their Associates may serve to de-motivate them and undermine the objectives of the Option Scheme.

(b) Safeguards

As a safeguard against abuse, all members of the Board who are not Controlling Shareholders or Associates of Controlling Shareholders (and not just members of the Committee) will be involved in deliberations in respect of Options to be granted to Controlling Shareholders and their Associates and the terms and conditions attached to such Option(s). The limits on the aggregate number of Shares comprised in Options that may be granted to Controlling Shareholders and/or their Associates are set out in Sections 3.2(d) and 3.4 of this Addendum.

Specific approval of the independent Shareholders is required for the grant of Option(s) to Controlling Shareholders and their Associates as well as the actual number of and terms of such Options. In seeking such independent Shareholders' approval, clear justification as to their participation, the number of Options and the terms of Options to be granted to the Controlling Shareholders and their Associates will need to be provided.

The Company is of the view that there are sufficient safeguards against abuse resulting from the participation of Controlling Shareholders and their Associates in the Option Scheme.

3.4. Limits on grant of Option(s) to Controlling Shareholders and their Associates

Details on the limits on the size of the Option Scheme and the limits on the aggregate number of Shares over which the Committee may offer to grant Options to the Controlling Shareholders and their Associates under the Option Scheme are set out at Sections 3.2(d) above.

Accordingly, the number of Shares available to Controlling Shareholders and their Associates under the Option Scheme must not exceed 2,471,696 Shares, which represent 25% of the shares available for which Options may be granted under the Option Scheme. The Board and the Remuneration Committee (excluding those who are Controlling Shareholders or Associates of Controlling Shareholders) are of the view that the experience and contribution of Mr Tay Teng Guan Arthur are invaluable to the growth of the Group and its continued success. Participation in the Option Scheme will serve as a means to motivate Mr Tay Teng Guan Arthur to continue to achieve and maintain a high level of performance, which is vital to the success of the Group, as well as enhance his long-term commitment to the Group. As the Option Scheme serves to recognise past contributions as well as to encourage future contributions, the Directors consider it important for Mr Tay Teng Guan Arthur to be allowed to participate in the Option Scheme by the grant of Options to subscribe for 238,000 Shares at the Market Price.

(b) Terms of grant of Options to Mr Tay Teng Guan Arthur

The main terms of the proposed grant of the Options to Mr Tay Teng Guan Arthur are as follows:

- (a) Date of Grant: Any time within one (1) month from the date of the Twenty-Eighth AGM;
- (b) Number of Shares: 238,000 Shares (comprising approximately 0.28% of the total number of issued Shares (excluding Treasury Shares and subsidiary holdings) and approximately 2.41% of the aggregate number of Shares available under the Option Scheme);
- (c) Exercise Price per Share: Market Price (To give an indication, the Market Price of the Shares on the Latest Practicable Date is S\$0.48);

(c) Limits on grant of Option(s) to Controlling Shareholder(s)

The details of the Options granted to Mr Tay Teng Guan Arthur and Mr Tay Teng Hock in 2019, 2020 and 2021 are set out in Section 3.3 above. Details on the limits on grants of Option(s) to Controlling Shareholders and their Associates are set out in Section 3.4 above.

Assuming that the proposed grant of Options under the Option Scheme to Mr Tay Teng Guan Arthur in respect of 238,000 Shares is approved, the aggregate number of Options amounting to 988,000 Shares granted to Mr Tay Teng Guan Arthur would represent approximately 9.99% of the aggregate number of Shares available under the Option Scheme as at the Latest Practicable Date, which is within the 10% limit prescribed for each Controlling Shareholder or each of his Associates.

These 1,388,000 Shares would represent an aggregate of approximately 14.04% of the aggregate number of Shares available under the Option Scheme as at the Latest Practicable Date, which is within the 25% limit prescribed for the Controlling Shareholders and their Associates in aggregate.

It is proposed that Shareholders' approval be sought at the Twenty-Eighth AGM for Options to be granted to Mr Tay Teng Hock under the Option Scheme in respect of 100,000 Shares.

(a) Rationale for the grant of Options to Mr Tay Teng Hock under the Option Scheme

As a Non-Executive Director, Mr Tay Teng Hock is eligible to participate in the Option Scheme. Although Mr Tay Teng Hock is not involved in the day-to-day running of the Group, he shares his experience and insights and advises on the business of the Group.

The grant of the Options to Mr Tay Teng Hock would serve as an apt means of recognising and acknowledging his contributions to the Group. As the Option Scheme serves to recognise past contributions as well as to encourage future contributions, the Directors consider it is important that Mr Tay Teng Hock be allowed to participate in the Option Scheme by the grant of Options to subscribe for 100,000 Shares at the Market Price. The Board and the Remuneration Committee (excluding those who are Controlling Shareholders or Associates of Controlling Shareholders) had also considered the number of Shares comprised in the Options which are proposed to be granted to Mr Tay Teng Hock in light of the Options to be granted to the other Directors, and noted that the number of Shares comprised in the Options proposed to be granted to Mr Tay Teng Hock is in line with the number of Shares comprised in the Options to be granted to the other Non-Executive Director and is appropriate in light of the respective contributions of the Directors. The grant of options to Mr Tay Teng Hock is not in lieu of the cash component of his director fees.

(b) Terms of grant of Options to Mr Tay Teng Hock

The main terms of the proposed grant of the Options to Mr Tay Teng Hock are as follows:

- (a) Date of Grant: Any time within one (1) month from the date of the Twenty-Eighth AGM.

- (c) Exercise Price per Share: Market Price (To give an indication, the Market Price of the Shares on the Latest Practicable Date is S\$0.48);
- (d) Vesting Period: Fifty per cent. (50%) of the Shares comprised in the Options will vest on the first anniversary of the Date of Grant, and the balance of the Shares comprised in the Options will vest on the second anniversary of the Date of Grant; and

(50%) of the Shares comprised in the Options will be exercisable after the first anniversary of the Date of Grant; and (ii) the balance of the Shares comprised in the Options will be exercisable after the second anniversary of the Date of Grant, provided always that the Options shall be exercised before the fifth (5th) anniversary of the Date of Grant.

4. FINANCIAL EFFECTS OF THE OPTION SCHEME

Details of the costs to the Company of granting Options under the Option Scheme and the allotment and issue of the New Shares would be as follows:

4.1. Share Capital

The Option Scheme will result in an increase in the number of issued Shares of the Company to the extent that New Shares are allotted and issued upon the exercise of the Options. This number of New Shares issued will in turn depend on, *inter alia*, the number of Shares comprised in the Options granted, the number of Options that are vested, the prevailing Market Price of the Shares on the SGX-ST, and whether the Company chooses to deliver Treasury Shares to holders of Options in lieu of New Shares. As such, there would be no impact on the number of issued Shares of the Company if the relevant Options are not exercised or if Treasury Shares are delivered to Option Holders in lieu of New Shares.

4.2. Earnings Per Share ("EPS")

The Option Scheme will have a dilutive impact on the Company's consolidated EPS following the increase in the number of issued Shares of the Company to the extent that New Shares are allotted and issued pursuant thereto.

However, the impact arising from the Option Scheme on the Company's consolidated EPS is not expected to be material in any given financial year.

4.3. Net tangible assets of the Group ("NTA")

The issue of New Shares upon the exercise of the Options will increase the Company's consolidated NTA by the aggregate Exercise Price of the New Shares issued. On a per Share basis, the effect on the NTA of the Company is accretive if the Exercise Price is above the NTA per Share but dilutive otherwise.

4.4. Potential Cost of Options

Any Options granted under the Option Scheme would have a fair value. In the event that such Options are granted at prices below the fair value of the Options, there will be a cost to the Company. The amounts of such costs may be more significant in the case of Options granted with Exercise Prices set at a discount to the Market Price of the Shares. In addition to the impact on the Company's consolidated EPS and consolidated NTA as described above, the cost to the Company of granting Options under the Scheme would be as follows:–

- (a) the exercise of an Option at the Exercise Price would translate into a reduction of the proceeds from the exercise of such Option, as compared to the proceeds that the Company would have received from such exercise had the exercise been made at the prevailing market price of the Shares. Such reduction of the exercise proceeds would also result in a reduction in NTA per share and represent the monetary cost to the Company; and
- (b) the grant of Options under the Option Scheme will have an impact on the Company's reported profit under Financial Reporting Standard as share-based payment requires the recognition of an expense in respect of Options granted under the Scheme. The expense will be based on the fair value of the Options at the Date of Grant (as determined by an option pricing model) and will be recognised over the vesting period.

It should be noted that the financial effects discussed in Section 4.4(a) above will materialise only upon the exercise of the relevant Options. The cost of granting Options discussed in Section 4.4(b) above will be recognised in the financial statements even if the Options are not exercised.

- 1.2 The Share Purchase Mandate authorising the purchase of Shares by the Company will expire at the earliest of:
 - (a) the date on which the next annual general meeting (“**AGM**”) of the Company is or is required by law to be held, whichever is the earlier;
 - (b) the date on which the purchases or acquisitions of Shares pursuant to the Share Purchase Mandate are carried out to the full extent authorised under the Share Purchase Mandate; or
 - (c) the effective date on which the authority conferred in the Share Purchase Mandate is varied (as to the duration of the Share Purchase Mandate) or revoked by the Shareholders in general meeting.
- 1.3 The authority conferred on the Directors by the Share Purchase Mandate to purchase Shares may be renewed at each AGM or other general meeting of the Company. The Directors may delegate all or part of such authority (including the determination of the purchase price to be paid per Share) upon such terms and conditions as they may at their absolute discretion think fit, but at all times in accordance with the Constitution of the Company.
- 1.4 The number of Shares which can be purchased pursuant to the proposed Share Purchase Mandate is such number of Shares which represents up to a maximum of ten (10) per cent. of the total number of issued Shares (excluding any Shares held as treasury shares or which comprise subsidiary holdings) as at the date on which the resolution authorising the same is passed, unless the Company has effected a reduction of the share capital of the Company in which event the number of issued ordinary shares of the Company shall be taken to be the number of the issued ordinary shares of the Company as altered (excluding any Shares held as treasury shares or which comprise subsidiary holdings).
- 1.5 Purchases of Shares can be effected by the Company only in either one of the following two ways or both:-
 - (a) by way of Market Purchases. Market Purchases means purchases of Shares transacted through the SGX-ST trading system; or
 - (b) by way of Off-Market Purchases. The Directors may impose such terms and conditions which are not inconsistent with the Share Purchase Mandate, the Listing Manual, the Constitution of the Company and the Companies Act, as they consider fit in the interests of the Company in connection with or in relation to an Off-Market Purchase scheme or schemes. The Off-Market Purchase scheme must, however, satisfy all the following conditions:
 - (i) the offers for the purchase or acquisition of Shares under the scheme shall be made to every person who holds Shares to purchase or acquire the same percentage of their Shares;

- (ii) all of those persons shall be given a reasonable opportunity to accept the offer made to them; and
- (iii) the terms of all the offers are the same (except that there shall be disregarded differences in consideration attributable to the fact that the offers relate to Shares with different accrued dividend entitlements and different amounts remaining unpaid, and differences in the offers introduced solely to ensure that each person is left with a whole number of Shares).
